

Amanda Egger, Head of HIKE

HIKE is the social event committee of HI TECH and our goal is to improve the social life for the students at JTH with as much fun and various activities as possible. For example we have arranged trips to european cities, ski-trip to Isaberg and now to Lund for Valborg. We also plan competitions as Amazing Race and HI SLAGET and after every kick-off we arrange a Sewing Circle where you can pimp your yellow handsome overall up!

As the Head of HIKE you're responsible of the members of HIKE, all events we're planning and everything around that makes the committee work. The Head of HIKE is also attending HI TECH board meetings and hanging around at different happenings.

Overall the post as Head of HIKE is something I really recommend for you who likes to plan and organize different events and be part of a great bunch of people. Skills like an open mind, structure, communication and corporation are very positive. You will for sure have a lot of fun, it's the perfect way of making your time at the university more enjoyable!

Besides a good resume you get two hoodies, a t-shirt, gym card at Nordic Wellness, free entrance to Akademien, able to join crazy team-buildings and get to know people all over Campus. You're also welcome to hang out at the office of HI TECH where you can store your jacket during the day, warm your food up in our own microwaves and just hang out with the crew of HI TECH.

If this sounds interesting you should apply before the 7th of April and if you have any questions you can send me an email to hike.hitech@jth.hj.se or just grab me in the hall way!
