

Emelie Fridén, Purchase Manager

Hey, my name is Emelie Fridén and I'm responsible for the purchases to the board of HI TECH, and I'm also taking care of the HI SHOP. I'm studying my second year of Architectural Engineering.

My job is to manage the HI SHOP, and to make sure that the HI SHOP has attractive deals, like soda and pizza for lunch, but also equipment for a easier study. I also buy stuff for the HI TECH office, and bake cakes to our meetings. But I would say that the biggest and most fun mission is to do all the purchases for the kickoff and help the new students to get the things they need for their new student culture.

Do you like to get involved in HI TECH and be a part of the HI SHOP project group? Grab me for a talk and get to know more about it!
