

A group of people, mostly women, are gathered in a large industrial space, possibly a warehouse or factory. They are wearing bright orange jumpsuits over purple t-shirts. Some are looking towards the camera, while others are looking away. One person in the foreground has a tag that says "DG-BRUD" on their back. Another person has a tag that says "HI TECH". The background shows the structural elements of the building, including beams and lights.

THE ENGINEER'S GUIDE TO JÖNKÖPING

2020

HI TECH

HI TECH

YOUR STUDENT ASSOCIATION AT JTH

Just over 30 years ago the trams were removed from the streets of Jönköping while a group of students walked along those streets preparing to change the School of Engineering forever.

The year was 1986 when Top Gun was released in theatres, Swedish cows were allowed outside again for the first time since the Chernobyl accident, and the foundations of our student association were started. Initially, HI TECH mainly arranged social gatherings, but it allowed for the development we know today. Now, we have around 2,500 of which 150 students are involved in any of our six committees, with 12 members holding a unique position on the HI TECH Board.

We welcome you to a student association full of both old traditions and new thinking.

Welcome to HI TECH at JTH!

WELCOME...

to the school of Engineering at Jönköping University! Your time here will have a great impact on the rest of your life and the person you will become. You are the one setting boundaries, you are your own boss, there are no limits! I encourage you to go ahead and do not be afraid to fail, take the opportunities, make new friends, network and have a blast!

My name is Erika Falk and I am the President of HI TECH, which is our school's student association. The HI TECH Board, along with its committees and working groups, works for you as the members of HI TECH. We aim to make sure that the voices of our members are heard as well as developing the quality of your education and your student life beyond studies. During the year, there are a spectrum of social activities that our community organizes so that you can have the time of your life while studying at JTH.

All HI TECH activities are driven by your fellow students who work voluntarily. You will have the opportunity to join these groups or if the current committees and associations don't represent your interests, gather likeminded people and start your own! Being involved will allow you to start valuable friendships and has the potential to let you build a network that can assist you with your future career as well as helping you stand out from your fellow graduates. Above all, I promise it will make your time as a student truly unforgettable.

Finally, I just want to wish you a good luck with your new life as a student and remember, always be extra.

Stay black and yellow, I will see you around!

THE KICK OFF

Jönköping University has one of the best Kick Off's in Sweden! It's two weeks of nothing but fun, excitement and complete immersion into JU. This year it will be a little bit different, but we wish to create a good start of your time here in the best possible way.

AKADEMIEN

Where's the best place for students to party? Akademin! It's the JU student night club that can hold over 1,000 students and it's where we'll spend our nights during the Kick Off. Aka is usually open on Wednesday nights and always in our hearts.

HI LIFE IS...

the HI TECH committee that is responsible for the planning and execution of the Kick Off. Helping HI LIFE during this ten day Kick Off, you have the Fadders. They put in a lot of work for you New Students! The Fadders, together with you, a New Student and with the combination of the activities planned by HI LIFE is what makes the Kick Off at JTH so unique! Unfortunately this year it is not going to be the like any other year... But wait! There is more from HI LIFE than just the Kick Off. HI LIFE also have sittnings and our own drinking game by the name CAPS at our beloved Akademin, only for us students. At Aka you will find us in our yellow Ove and black t-shirts! We usually hang out on the dancefloor that goes by the name Tokyo. HI LIFE can't wait to see you all and we hope for a swift return to a normal student life here in Jönköping! Until then, stay safe and healthy!

FADDERS

A shoulder to lean on in a new city!

When you're a new student, it can be overwhelming to keep track of everything you need to know. Where is Akademin located? How can I purchase patches? Where can I get the best pizza? The Fadder's exist to help you with all of these questions and more! They know everything worth knowing and volunteer their time so that you can have the best start of your studies.

The best way to describe a Fadder is a mix between a friend, a guide and a leader. If you have any questions, they are your people. If you get lost, they can find you. If you want to have some fun, they're there for you. They will support you while you're settling into JU life and help you have a great time. The Kick Off can be intense, but the Fadder's are there to ensure you can handle it and make the most of your experience. The Fadder's will always be there for you during the Kick Off, no matter what so don't forget that!

THE OVER

CHAPTER 1: PATCHES

1 § STUDENT ASSOCIATION PATCH

Your student association patch should be located on your right thigh.

2 § PROGRAM PATCH

Your program specific patch should be located on your left thigh.

3 § STUDENT ASSOCIATION LOGO

Your corresponding student association's logo, located on the overall, should not be covered with patches or anything else.

CHAPTER 2: SPECIFIC REGULATIONS

4 § PROGRAM BAND

Your program band should be located on the left and right sides of your overall.

 Construction	 Computers	 Lighting Design
 Mechanical	 Logistics	 Furniture Design
 Civil Engineers	 Exchange/Master Students	

CHAPTER 3: CHANGING OF OVERALL PARTS

5 § OVERALL PARTS

You can trade parts of your overall freely except for the special regulations in 10§ and 11§.

ALL LAW

- ACT (2016:511)

6 § INTIMATE RELATIONSHIPS

A switched left leg means the person in question has engaged in intimate physical relations and exchanged bodily fluids with the former owner of the leg.

7 § ORAL EXCHANGE OF BODILY FLUIDS

If there is an oral exchange of bodily fluids, the people in question should switch their right sleeves.

CHAPTER 4: OTHER REGULATIONS

8 § CLEANING

An overall may only be cleaned if the owner is wearing it.

9 § EQUIPMENT

An overall should be equipped with a student, Caps-towel and a bottle opener.

10 § WRITING ON OVERALLS

It is strictly forbidden to write on your own overall, but it's fair game (and encouraged) to write on anyone else's overall.

JTH DICTIONARY

JTH: School of Engineering at JU. Known to be the best students at JU. We wear yellow overalls.

Caps: A drinking game including bottle caps.

Akademin: The number one party place, open all Wednesday nights during school. Free soda, good music and cheap drinks!

Sittning: An event hosted by a Sexmastery with spex, dance and food. Known to be a good party starter.

Dônk: A secret brewage made by HI LIFE.

Dônkbrännaren: A famous statue of the Dônk brewing machine. It is found outside of JTH.

HLK: School of Education and Communication. Teachers wear red overalls and communicaters wear blue overalls.

Hälso: School of Health and Welfare at JU. They wear white overalls.

JIBS: Jönköping International Business school at JU. They wear green overalls.

HI TECH

YOUR STUDENT ASSOCIATION

HI TECH is the student association at the School of Engineering that consists of 12 committed and responsible board members. Our aim is to ensure that JTH students have the best time ever, both during school and after hours. We arrange trips, work to improve course quality, and organise social events through our committees and working groups. All of our committee and board members work voluntarily during their elected mandate. The HI TECH President works full-time and gets paid for their job.

Visit our website for more information: www.hitech.nu and don't forget to like our Facebook page (www.facebook.com/hitech) and follow us on Instagram @hitech.jth!

HIKE: HIKE is the social event committee of HI TECH. HIKE arranges trips, game nights, ski-trips and more.

HI EDUCATION: HI EDUCATION works with issues related to your education. Our aim is for your education to be the best.

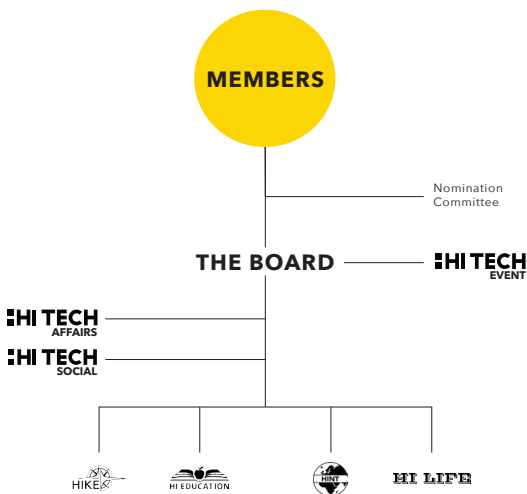

HINT: HINT is the International integration committee at JTH. We organise our events in the spirit of integration and work with issues surrounding internationalisation.

HI LIFE: HI LIFE is the sexmastery which task is to bring the students at JTH together and have as much fun as possible outside of your studies. During the year we work at the student nightclub Akademien and organise sittningar and CAPS.

HI TECH EVENT: HI TECH EVENT is a project group that organise events like the Welcome Dinner at Kick Off and the HI TECH Gala.

HI TECH AFFAIRS: HI TECH AFFAIRS is the committee that takes care of all collaborations with companies, external associations, sponsors

HI TECH SOCIAL: HI TECH SOCIAL is the committee that handles most of the marketing, graphic design and visual media within the HI TECH organisation.

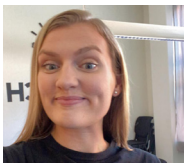

THE BOARD OF HI TECH

There are 12 member of the HI TECH Board who work together to improve your experience at the School of Engineering. Each position has a different focus so that we can ensure all areas of the school are considered and have the potential to be bettered.

Our first priority is our members. We listen to your voices and make changes accordingly. Our decisions and actions are influenced by your best interests. If you have any questions or suggestions for improvement, contact us.

HOW TO MAKE A CHANGE

Use your voice! We hold Biannual meetings in the Spring and Fall semesters. This is an opportunity for members to suggest changes to the Board as well as apply for open positions. More information can be found on our webpages: www.hitech.nu or www.facebook.com/hitech

LIFE

INGRID WADSKOG

DEAN OF JTH

This section is dedicated to a leading figure here at the School of Engineering in Jönköping, your own dean, Ingrid Wadskog.

Ingrids' words to the new students:

"I am so glad that you chose Jönköping University and School of Engineering (JTH) to be your place to study. We will do our very best to provide you with relevant courses, contacts with companies and international experiences. How you engage yourself, both in education and in social activities, is up to you. Study, ask questions, meet new people, involve yourself in HI TECH and participate in events, and I can promise you this will be the time of your life."

HI TECH acknowledges and agrees with Ingrids' soothing words. It is, no doubt, a great way to get friends and contacts for life, but also feel that you've contributed to something during your time at JTH.

Name: Ingrid Wadskog

Age: 45

Family: Husband, Andreas, and three children

Merits: Doctoral degree in Microbiology from Göteborg University, Programme manager, Research study advisor, Head of Industrial Engineering and Management department at JTH
Dean of JTH since Fall 2016

Hobby: Besides taking my kids to different activities (soccer, floorball, gymnastics, triathlon, orchestra), when time permits I like to run, ski and play golf. I also play the cello.
